ABOUT ME

I'm a **Google-certified product designer** based in **Chennai** அ with **2+ years** of experience in the design industry.

My focus area for the past few years has been designing user interfaces using **Figma**, making them aesthetic using **Photoshop**, and animating them to make stunning commercials using **AfterEffects**, but I'm also skilled in in-house **graphic designing** and front-end web development using **HTML, CSS and JS**. I'm a computer science grad student who makes videos on **YouTube** to inspire designers globally in my free time.
